

Synergic Corporate Solutions

Presentation

INTRODUCTION

Established in 2000, Synergic Corporate Solutions (Pvt) Ltd. (SCS) started as a small business providing financial and IT solutions. Over the years, it has evolved into a leading business solutions provider in Pakistan and worldwide. SCS introduced the ECCOUNTBOOK ERP, a comprehensive business solution, particularly beneficial for the Rice Sector and other industries. Specializing in software, web, and app development, as well as IT services and consultancy, SCS offers outsourcing services globally at competitive prices.

With a highly skilled and trained team, SCS aims to be a prominent organization providing measurable business value through effective technology use. Operating locally in Punjab, Pakistan, and globally, particularly in the Kingdom of Saudi Arabia, SCS fosters equal opportunities for personal growth and skills development. The team focuses on client satisfaction, offering innovative approaches derived from collective experience to meet client needs and interests.
